**Subject: Re: Melissa Kaye FMLA/Intermittent - To care for ill family member leave approval**

Dr. Kaye,

As I previously advised you via email on December 3, 2018, Correctional Health Services corrected the reporting structure in Health + Hospitals' (H+H) database. That correction occurred on December 3, 2018.

As of this evening, Vice President of H+H Human Resources, Yvette Villanueva, confirms that Ms. Mendez, an employee of H+H Central Office HR, now understands that Dr. Jain is your supervisor and Dr. Mundy is not to be included in any communications regarding your personnel matters.

Mr. Wangel:

Firstly, let me thank HHC for completing the processing of my FMLA today; this is an especially difficult time for me and my family. However, I am also writing to express my ongoing concern about the repeated HIPPA and privacy violations that have transpired, and have continued in the FMLA notification process.

On at least two prior occasions, Dr. Daniel Mundy was copied on emails that contained my personnel and medical information. I initially contacted my supervisor Dr. Jain in September 2018 who indicated that he had resolved the matter. However, when it happened again in December 2018, I contacted you and other HHC management about this violation and you indicated it had been resolved in PeopleSoft.

Dr. Mundy responded via email and clearly stated that he had no authority or authorization to be copied on my confidential private healthcare related matters.

Dr. Mundy made clear that I neither reported to him nor was he involved in any way in my personnel matters. As you know, my personal FMLA information is not for public consumption and should be handled in accordance with the privacy protections afforded by law.

Despite the emails from Dr. Mundy and myself, HHC continues to incorrectly send emails to Dr. Mundy. Dr. Mundy was copied yet again as recently as today when I was notified about the approval of my FMLA request.

Due to these repeated violations of HIPPA and my privacy rights, I feel compelled to report this matter HHC Corporate Compliance unless I receive written assurance from your office by next Wednesday at noon that Dr. Mundy will not continue to be copied on private correspondence that pertain to my private emails such as FMLA, licensure status and healthcare matters.

Thank you for your attention to this serious matter,

Dr. Melissa Kaye

The supervisor change from Daniel Mundy to Abhishek Jain was already done in PeopleSoft on 12/3/18, screen shot below...this is not a system issue.

Maria Mendez continues to copy Daniel Mundy on Melissa Kaye's FMLA notices although she was previously notified that Daniel Mundy is not her supervisor and should be removed from all notifications to Melissa Kaye.

Thanks for the heads up. If this person is reporting to the wrong person, then Correctional Health HR can make the change.

However, I am certain receiving a notice that someone is on a FMLA or license expired or status is not a HIPAA violation. So we are fine on that end.

We will review the electronic reports to history.

See below.

CHS made the correction in PeopleSoft on December 3, 2018. Apparently Drs. Mundy and Kaye also emailed Maria Mendez directly, asking for this correction.

Yvette – can you please fix this on your end?

Catherine – heads up.

Blanche – S.O.S.
